Health and Safety Policy Statement

Voltix Services Ltd is committed to pursuing excellence in its daily activities, including health and safety management.

General Principles

1. Voltix Services Ltd aims to provide high-quality Facilities Maintenance Services to our clients, ensuring they can enjoy peace of mind knowing that their M&E equipment is well looked after and operating correctly. The value of our mission is underpinned by its integrity and ensuring that we pursue this with the highest regard for health and safety is a vital component of our commitment to our employees, clients and stakeholders, whom we expect to share this commitment.
2. We will ensure the health and safety of all persons who may be affected by our activities across all locations through:
 - a. Engaging with all personnel (internal and external) to facilitate the safety of their working environment.
 - b. Providing, managing and maintaining an overall environment at our workplaces and client properties so that they are, so far as reasonably practicable, safe and that health risks are controlled.
 - c. Identify hazards and conduct formal risk assessments when appropriate to minimise physical and psychological risks for all activities undertaken on behalf of the Company and ensure that appropriate control measures and emergency procedures are in place.
 - d. Providing and promoting systems of work, information, instruction, training and supervision at all levels necessary to ensure that all personnel are competent to supervise or undertake their work activities and are aware of any related hazards and the measures to be taken to protect against them.
3. We will promote a positive health and safety culture for all of our activities., Where there are no existing Company policies or guidance, we expect our personnel and contractors to implement the highest relevant standards and to comply with relevant legislation. Where no standards or legislation exist, we will work with our employees and contractors to develop systems which comply with best practices and mitigate risk, drawing on relevant legislation and guidance.
